Presenter Biographies

CME GROUP

Marilee Radecki is Associate Director, Client Management/Market Data Operations at CME Group. She is responsible for the oversight of Quote Vendor relations for CME Group and the day-to-day support of the Market Data Platform, RLC and ITC 2.1 Message Formats, among several other market data-related functions, which include the support of Historical Data Services and Statistics.

Marilee and her Market Data Operations team were instrumental in the recent migration of all CBOT products to the MDP and are currently working on wrapping up the migration as it relates to the consolidation of the CME and CBOT trading floors. Marilee is also responsible for facilitating the conversion of all CME Group Quote Vendors from the RLC and ITC 2 message formats to the FIX/FAST protocol.

Marilee joined CME in 1978 in the Human Resources Department and moved up through the ranks, holding various positions within the Products & Services and Technology Divisions during her tenure with the company. She attended Triton College and has participated in several market data education programs in an effort to enhance relationships with CME Group's 50+ Quote Vendors.

NASDAQ OMX GROUP – TRANSACTION SERVICES

Brian Hyndman is Senior Vice President of NASDAQ's Transaction Services. In this capacity, Mr. Hyndman is responsible for managing the day-to-day operations of the transaction services area. As Senior Vice President of NASDAQ Transaction Services, he is also responsible for the broker/dealer sales.

Mr. Hyndman played a key role in the acquisition of INET and is currently managing the integration of the sales team and customer relations. In addition, he has helped lead the launch and implementation of new products and programs such as the Opening Cross, NYSE Listed program, and other initiatives to leverage the Brut ECN asset.

During his time at Brut, Mr. Hyndman guided Brut's growth since it's founding. Appointed President of The BRASS Utility in April 1998, Brian presided over the company's merger with Strike Technologies in February 2000, the subsequent formation of The Brut ECN, and SunGard's acquisition of Brut in August of 2002. Brian then presided over the sale of BRUT to Nasdaq in September of 2004 and worked on the integration of BRUT into Nasdaq.

Prior to joining Brut, Mr. Hyndman served as Vice President of Execution Services for the National Discount Brokers Group, managing 120 employees. He holds a Bachelor of Arts degree in Psychology from the State University of New York at Oswego. He also holds numerous licenses from the National Association of Securities Dealers, including the 4, 7, 24, 27, 53 and 63.

NASDAQ OMX GROUP – MARKET DATA

Randall Hopkins is Vice President of Market Data Distribution for The NASDAQ OMX Group, Inc. He is responsible for the creation and dissemination of valuable information from the quoting and trading of securities. Mr. Hopkins oversees The NASDAQ OMX Group's real-time and historical market data feed products, including business development and bringing new data products to market. Additionally, Mr. Hopkins works with The NASDAQ OMX Group's technology services to create new data products to serve the industry's information needs. He also serves on the UTP Plan's Operating Committee as The NASDAQ OMX Group's senior representative.

Mr. Hopkins has been instrumental in increasing the distribution of the company's premier data products, including TotalView. Since TotalView's inception in 2003, Mr. Hopkins has worked with the Market Data Distribution team to improve the product and increase its distribution. Prior to his appointment, Mr. Hopkins served as the Senior Sales Director for Market Data Distribution. He joined the company in 2000 as an account manager for the department.

Mr. Hopkins holds Masters degrees in Business Administration, Information Science, and Philosophy, as well as a Bachelor's degree in Economics from Washington University in St. Louis.

NYSE EURONEXT – STRATEGIC INITIATIVES

Colin G. Clark is a Vice President of Strategic Initiatives at NYSE Euronext. He is involved with strategy and business development across the global markets, including strategic analysis and decision making in the areas of market structure, pricing, new products, strategic partnerships/mergers and integration. Prior to joining the Exchange in March 2005, Mr. Clark was an equity research analyst covering brokerage firms and exchanges for five years at Merrill Lynch and Citigroup/Salomon Smith Barney. In 2004, Mr. Clark was ranked as the #2 stock picker based on performance scores in the Investment Services sector by The Wall Street Journal. Additionally, Mr. Clark was a member of a larger team that was recognized by Institutional Investor (II) magazine as the #1 equity research team in the Broker-Dealer & Asset Manager sector in 2004 and 2003.

Prior to his equity research career, Mr. Clark worked at Fidelity Investments for five years, including positions in retail brokerage and as a mutual fund analyst. Mr. Clark majored in Economics at Bard College and has an MBA from the Stern School of Business at New York University. Mr. Clark is a registered Chartered Financial Analyst (CFA).

NYSE EURONEXT – MARKET DATA

Ronald Jordan, NYSE Euronext Executive Vice President of Market Data Services, manages the NYSE's information business, and is responsible for managing all aspects of the NYSE and NYSE Arca market data businesses, including relationships with market data customers and vendors, market data administration, and developing new information products. In addition, he serves as the NYSE's representative to the Consolidated Tape Association and as CTA's Network A Administrator. Mr. Jordan also serves as the NYSE representative to the UTP Plan. Mr. Jordan is currently a member of the FIF Advisory Committee and a member of the Executive Committee of the FISD.

Mr. Jordan has been with the NYSE in various capacities for 24 years. Prior to that, he worked for the American Stock Exchange and the Philadelphia Stock Exchange.
